

Allegiance® Filament Reinforced Skin Closure Strips

- Hypoallergenic adhesive – no adhesive enhancers required
- Strips are curl-resistant for each application
- Sterile, latex free

Our filament reinforced skin closure strips offer added strength and are made from a breathable material that allows moisture transmission, reducing the chance of skin maceration and/or irritation. Compared to suturing and stapling, they are more convenient for caregivers and comfortable for patients.

Cat. No.	Size	Packaging	Qty. Bx	Qty. Cs
S1040	1/8" x 3"	5 per package	250 (50 packages)	1000 (4 boxes)
S1042	1/4" x 1 1/2"	10 per package	500 (50 packages)	2000 (4 boxes)
S1041	1/4" x 3"	3 per package	150 (50 packages)	600 (4 boxes)
S1046	1/4" x 4"	6 per package	300 (50 packages)	1200 (4 boxes)
S1047	1/2" x 4"	6 per package	300 (50 packages)	1200 (4 boxes)
S1048	1" x 5"	4 per package	100 (25 packages)	400 (4 boxes)

Ideal for: Wound/skin closure on body areas requiring less range of motion and where minimum swelling is expected.

Typical uses: Primary skin/wound closure, secondary closure support or for added support after suture or staple removal.
