

Clinically excellent. Fiscally responsible.

We're changing the orthopedics model.

Empowering customers to regain control of their purchasing decisions so they can focus on what really matters — excellent patient care.

Cardinal Health Orthopedic Solutions offers:

- **High-quality** physician preference items
- **Significant savings** on product and service pricing
- **Customizable** clinical and supply chain service options
- **A new choice** so you don't have to sacrifice or compromise clinical outcomes

High-quality products

Begin saving on high-quality, standard products based on industry-proven and accepted designs. Leveraging a new model and reducing overhead allows us to offer high-quality orthopedic products for less.

- A broad portfolio of products available that includes orthopedic trauma and surgical products and accessories
- No change to clinical practice or technique
- Manufactured in the United States, UK and Germany
- Stringent quality-control procedures
 - Quality manufacturing process:
 - ISO Certified
 - Conforms to ASTM standards
 - Complies with FDA Good Manufacturing Practices

Flexible service options

Customizable service options, complete with analytics support, tailored to your facility's needs.

Clinical and supply chain solutions

- Evaluation and implementation support
- Ongoing on-site support
- Product and process training
- Par optimization
- Periodic on-hand inventory checks and recommended replenishment orders

Data analytics

- Ongoing savings analyses and inventory optimization
- Economic alignment, consulting and administration

Efficient supply chain

From the point of ordering to the point of care, and at every point in between, our supply chain expertise improves efficiency, increases productivity, and reduces costs.

- No separate procurement process or additional labor
- Next-day delivery*
- Exceptional fill rates
- RFID capabilities to drive greater efficiency in order and inventory control

For more information, please contact your Cardinal Health sales representative or call customer service at 800.964.5227.

*Customers must place their order before 12 p.m. local time. Next-day delivery applies only to customers within the continental 48 states.
