

# Global Environment, Health, and Safety Policy

Cardinal Health is committed to the health and safety of its employees, contractors and the community and to minimizing the impacts of its business on the environment. We believe that work-related illnesses, injuries, and environmental incidents are preventable. It is our vision to have all employees and contractors working safely and in an environmentally responsible manner 100% of the time.

## To accomplish this, Cardinal Health will:

- Conduct business in a manner that ensures compliance with environmental, health and safety (EH&S) regulatory and internal company requirements.
- Create a culture that strives for zero work-related injuries, illnesses, and environmental incidents.
- Integrate EH&S into company-wide business processes and expect continuous improvement in EH&S performance.
- Provide the necessary training and resources to work safely and in an environmentally sound manner, and hold employees and contractors accountable.
- Design products and conduct business consistent with its environmental guiding principles on pollution prevention, energy optimization, and design for the environment.
