

Cardinal Health™ 340B Services Related Resources

340B split-billing solutions with current interfaces

In order to help you maximize 340B savings and remain in full compliance, several companies now offer powerful split-billing software solutions. We have commercial partnerships with some of the most robust third party vendors, and established interfaces with most providers of 340B billing.

Commercial Partners:

[eAudit Solutions](#)

[MacroHelix](#)

340B contract pharmacy solution partners

Since the 340B contract pharmacy model involves complex regulatory, financial, and operational challenges, several companies now offer dedicated contract pharmacy management solutions. Cardinal Health works with the majority of vendors offering 340B software, and has well-established partnerships with some of them.
