

# Your one-stop pharmaceutical solution

At Cardinal Health, we believe that providing an outstanding customer experience starts with having the right products and services in place when you need them most.

Whether you need to order common non-prescription drugs or controlled substances, our comprehensive pharmaceutical offering helps to simplify the process for you.

## Our Ambulatory Care Enhanced Pharmaceutical Program offers:

- Free next-day delivery when ordered by 3 p.m. (Central time)
- Pharmaceuticals offered in a low unit of measure
- Broad selection of brand, generic and OTC items with competitive pricing
- Pharmaceutical ordering platform, called Order Express, that includes:
  - Controlled Substance Ordering System (CSOS), allowing you to order your controlled substances online
  - Pharmaceutical reporting
- GPO contract attachments and contract pricing
- No fees on refrigerated items, hazardous materials or controlled substances
- No minimum order charge
- Backorder capabilities for prime customers (when ordering 90% or more pharmaceutical products from Cardinal Health)
- Specialty products
- Team of seven inside sales representatives that specialize in the non-acute space and pharmaceutical sales

Our pharmaceuticals can be conveniently ordered through **Order Express** or by contacting customer service.

Customer Service: **866.885.8639 Ext. 1168**
