

SIMPLY MORE EFFICIENT.

AFINION™ HbA1c

Consultations with patients who do not have their lab results are challenging and inefficient. Point-of-care HbA1c testing can improve operational efficiency and lead to increased patient motivation and satisfaction.¹⁻⁴

- 3-minute test time
- Lab-quality results
- No interference from common Hb variants
- NGSP and IFCC certified
- CLIA waived

Afinion™ HbA1c

FACTS

The Afinion HbA1c is a simple fingerstick test that provides a patient's HbA1c value within minutes, during the consultation.

- 1.5 µL sample volume
- Capillary and venous whole blood sample material
- Measuring range: 4-15% HbA1c
- 3 months room temperature storage
- Ready to use controls in 2 levels

CONNECTING DIABETES & CARDIOVASCULAR DISEASE

The 3-minute Afinion HbA1c testing fits perfectly within the workflow:

“Point-of-care HbA1c testing represents an opportunity for improved care of people with diabetes.”

—*Egbunike V et. al. Diabetes Educator. 2013;39:66-73.*

“Point-of-care testing for HbA1c provides the opportunity for more timely treatment changes.”

—*ADA. Diabetes Care 2018;41(Suppl. 1):S55-S64.*

3-STEP PROCEDURE

1 Collect the sample with the integrated sampling device.

2 Place the sampling device back in the test cartridge.

3 Place the test cartridge in the analyzer and close the lid. The processing starts automatically.

NEW AFINION 2 ANALYZER

The Afinion 2 Analyzer is the result of years of continuous product innovation and refinement and delivers actionable point-of-care test results in just a few minutes.

With its compact size and short test times, the Afinion 2 system is ideal for point-of-care testing in physician offices, clinics, community health centers and hospital outpatient clinics. From just a small urine sample or fingerstick whole blood sample, lab accurate results for ACR and HbA1c are made available during the consultation.
