

At Cardinal Health, our people set us apart

Cardinal Health is dedicated to serving the healthcare industry with products and services that help to reduce costs, improve safety, productivity and profitability, and deliver better care to patients. However, while a robust product and service portfolio is very important to the growth of our business, what sets us apart from the competition is the deep expertise and rich experience of our employees.

Cardinal Health believes in fostering an environment where employees can build a strong future, grow personally and professionally, and enjoy their work.

Commitment to wellness and healthy lifestyles

At Cardinal Health, we care about our employees' well-being. We offer holistic and comprehensive programs designed to promote physical, financial, social and emotional health for our employees and their families.

Global compensation and benefits philosophy

Dedicated to promoting our employees' quality of life, Cardinal Health offers balanced, Total Rewards programs that are comprehensive, competitive and support our employees' careers and families.

Annual engagement survey statement

Our global Voice of the Employee (VOE) survey provides every employee the opportunity to share what they like about working at Cardinal Health and where we can make improvements. Annual feedback on employee engagement, manager effectiveness, inclusion and recognition provides a platform for dialogue, action planning and continuous improvement.

Talent management and employee development philosophy

At Cardinal Health, we are proud to foster a coaching culture where each employee is inspired to bring his or her unique talents, ideas and strengths to work every day. Employees are provided development opportunities to enhance their skills, broaden their knowledge and support the achievement of their personal career goals.
