

MosaicGPO™ Solutions

Services and support for your practice

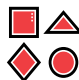

Specialty physician practices and infusion centers are seeing more opportunities — and facing more challenges — than ever before.

MosaicGPO™ Solutions can help you navigate change to optimize your performance and focus on delivering high-quality patient care.

We're stronger together

Because we expertly serve a dynamic group of industry-leading specialty practices — including multi-specialty infusion centers, gastroenterology, neurology, and allergy and asthma practices — your business will benefit from a GPO that truly understands the unique needs of specialty practices.

By aggregating the collective purchasing power of our members, MosaicGPO™ Solutions delivers cost savings on a comprehensive product portfolio. And as a MosaicGPO™ member, you'll have access to a range of financial and operational solutions to help maximize your practice.

 **Comprehensive product portfolio:** Our knowledgeable and experienced team works closely with leading pharmaceutical manufacturers on your behalf to gain access to new therapies.

 **Inventory management:** Optimize your medication purchases and storage with Inventory Management Solutions, a web-based, easy-to-use platform that helps you automate manual processes and streamline your operations so your practice can run more efficiently.

 **Analytic insights:** Advanced Practice Analytics provides dashboards that combine clinical, financial and operational data to uncover actionable insights about your practice.

 **Dedicated account manager:** Receive personalized support for all your GPO and account management questions.

Exclusive distribution through Metro Medical™ Distribution Services

Close, highly collaborative GPO-distributor relationships are key to ensuring accurate, on-time delivery of your products — and they're also critical to ensuring you receive accurate, real-time data about your practice's contract performance.

With distribution centers in Nashville, Tenn. and Reno, Nev., the Metro Medical™ nationwide distribution network is tailored to the unique handling, storage and shipping needs of specialty pharmaceuticals and medical-surgical products.

We're ready to help your practice navigate the future of patient care. Join MosaicGPO™ Solutions today at no cost.
